## EDUCATION

Shivalik College of Engineering

**Dehradun, India**

**Bachelor of Technology (CSE)** -70%

( 2022 – 2026)

**Senior Secondary** – SGRR, Nehrugram – 75.2%

**Secondary** -SGRR, Gopeshwar – 80.6%

---

## SKILLS SUMMARY

- **Web Technologies:** HTML5, CSS3, Bootstrap, JavaScript (ES6+), React, Responsive Web Design
- **Programming & Development :**C, C++, JavaScript, OOPs Concepts, Data Structures & Algorithms, Debugging
- **Database & Backend :**SQL, MySQL, Database Design, Queries (SELECT, JOIN, GROUP BY), Stored Procedures, Normalization
- **Cloud & DevOps Tools:** Microsoft Azure (PaaS, App Services, Functions), Git, GitHub, Postman, CI/CD (Basic Understanding)
- **Software Engineering Concepts:** SDLC, Agile & Scrum Methodologies, Version Control, RESTful APIs, MVC Architecture
- **Soft Skills:** Communication Skills, Team Collaboration, Adaptability, Time Management, Critical Thinking, Attention to Detail

---

## INTERNSHIP EXPERIENCE

### TECHNICAL INTERNSHIP | TRAINITY (June 24 – Sep 24).

- Developed interactive dashboards and internal tools using HTML, CSS, JavaScript, and SQL.
- Collaborated with team to implement frontend-backend integration and version control (Git/GitHub).
- Assisted in testing, debugging, and optimizing applications for better performance and user experience.
- Prepared documentation and reports for internal tools, enhancing project clarity and maintainability.

---

## PROJECTS

### 1. E-commerce website

- Developed a full-stack e-commerce website using React for frontend, Node.js for backend, and Bootstrap for responsive design.
- Implemented product listing, search, shopping cart, and checkout functionalities with dynamic data handling.
- Integrated RESTful APIs and server-side logic to manage products, users, and orders efficiently.
- Ensured responsive, mobile-friendly UI and smooth user experience across devices

### 2. Online Banking Web Application

- Developed a full-stack banking app using React (frontend), Node.js/Express (backend), and MySQL for data management, implementing account creation, fund transfer, and transaction history features.
- Integrated RESTful APIs for secure data handling and deployed the application on Microsoft Azure PaaS, ensuring scalability and cloud readiness.
- Designed a responsive, user-friendly interface using Bootstrap, enhancing accessibility across devices and improving overall user experience.

### 3. Quiz Application

- Developed an interactive web-based quiz application testing knowledge of OOPs, OS, CN, and Web technologies using HTML, CSS, and JavaScript.
- Implemented features like timer-based questions, live score tracking, progress bar, and responsive UI for desktop and mobile devices.
- Enhanced user engagement with sound effects, restart/replay options, and modern, user-friendly interface..

---

## CERTIFICATES

- Front-End Web Development with React (**Coursera** )
- Full-Stack Web Development with Node.js & React ( **Udemy**)
- HTML, CSS, JavaScript Certification (**W3Schools**)
- Bootstrap 5 fundamentals (**Coursera**)
